

# CaF2 Windows

## Features

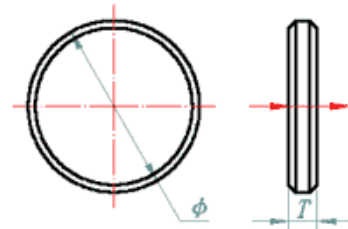

- High Precision Dimension
- Minimal Transmitted Beam Deviation
- Excellent Environmental Durability

## Applications

- Projection Optics System
- Imaging Optics System
- Optical Measurement System

## Specifications

Material	Calcium Fluoride single crystal
Dimension tolerance	±0.1mm
Parallelism	1 arcmin
Surface quality	60-40 S/D
Wavefront distortion	1λ per 25mm@632.8nm
Clear aperture	>90%
Bevel	Protective bevel
