

# Corner Cube Retroreflectors

## Features

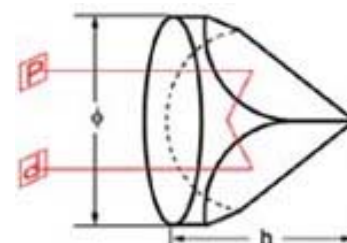

- High Precision Dimension
- High Precision Light Deviation

## Applications

- Projection Optics System
- Imaging Optics System
- Optical Measurement System
- Optical Display System

## Specifications

Material	BK7
Dimension tolerance	±0.1mm
Deviation Angle	180°±3 arcsec.
Surface quality	60-40 S/D
Surface flatness	λ/4 on big surface, λ/10 on other surface
Clear aperture	>85%
Wavefront distortion	λ/2@632.8nm
Bevel	Protective bevel
Coating	Specified by customer

Prism
